

User guide/Data sheet Stirex pliers, stainless steel

Product names: P-91B, P-91BS, P-91BM, P-90B, P-90BS, P-90BM, P-92B, P-92BM

Safety:

- Do not use the product for any other purpose other than handling light material.
- Please note that the front is sharp.
- These pliers should be kept away from children at all times as they are not suitable for children to use. The pliers should be used under supervision of an adult.
- Avoid using these pliers for squeezing hard materials.
- If you should feel uncomfortable or feel pain while using the plier please stop immediately.

Usage:

Stirex pliers all have the same area of usage as normal pliers. All our pliers are light, reliable and comfortable with a self-opening handle which is working in a soft and smooth way and with low spring pressure. Observe that no distal finger control is required. The front, made from stainless steel, is cast in handles of pp.
All Stirex pliers are only suitable for light use.

Maintenance: Machine washable. Hand wash best for gentle washing and long life.
